Summary

As a dedicated Flutter developer with 6 months of hands-on experience, I've had the privilege of working on various exciting projects. My expertise includes creating interactive mobile applications, such as a Tic-Tac-Toe game and a finance management app, which have provided me with a deep understanding of app development and user experience. I am proficient in integrating Firebase with Flutter to build real-time and cloud-enabled applications. Recently, I have embarked on a journey to expand my skills by learning Kotlin, further enhancing my capabilities as a mobile app developer. Through my freelance work, I've gained valuable insights into project management and client collaboration. I am passionate about creating elegant and functional mobile solutions and continuously strive to enhance my skills in this dynamic field.
